

The AHEC Scholars Program

CLASS OF 2028

COHORT 9

INFO

What is it?

The NYS AHEC Scholars Program is a **two-year externship program** with a didactic and experiential curriculum. The goal is for students to comprehend the sociocultural and economic factors that influence patient health while enhancing access to high-quality care.

Highlights

This program is **hybrid and self-paced**, enhances your current learning, assists in professional development, and provides **yearly stipends** to help offset the cost of high education.

Yearly Requirements

40 hours of Didactic Training
40 hours of Experiential Training
