

Empowering and Mentoring in Medicine

High School Summer Internship Program

About:

The Empowering and Mentoring in Medicine Program (EMIM) is a six-week internship designed for high school students to explore career options in healthcare through interactive learning environments.

EMIM equips students with the tools and hands-on experience they need to thrive as future medical providers in our region.

Program Highlights

- College admissions planning & academic advising
- Career discovery in medicine
- Clinical shadowing and live demonstrations
- Health center and college tours
- Networking and mentorship opportunities

Who Can Apply

- Students entering 10th, 11th, or 12th grade in fall 2026
- Students living in the City of Buffalo
- Students with an interest in healthcare

Schedule

- July 6, 2026 - August 14, 2026
- Monday thru Friday, 8am - 12pm
